Dear Doctor Leloir :

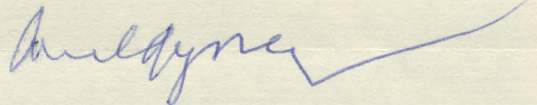

I assume that you are slowly making preparations for your forthcoming visit to the States. My colleagues, Dr. Gurin and Dr. Britton Chance, have repeatedly asked me whether you would be willing to give a lecture here at our University, preferably before the Conference in Princeton. As you know, the school year here ends around June 1st and after Princeton we would run into the vacation period.

My wife and I extend to you our most cordial invitation to be our houseguest before the Princeton Conference, for as long as you wish. You and I could then drive over from my home in the afternoon of May 29th to Princeton (1 1/2 hour drive by car). We would be certainly very glad to have you with us.

May I hear from you?

With best regards,

Sincerely yours,

Paul György, M.D.
